

Real Estate Finance Capability Statement

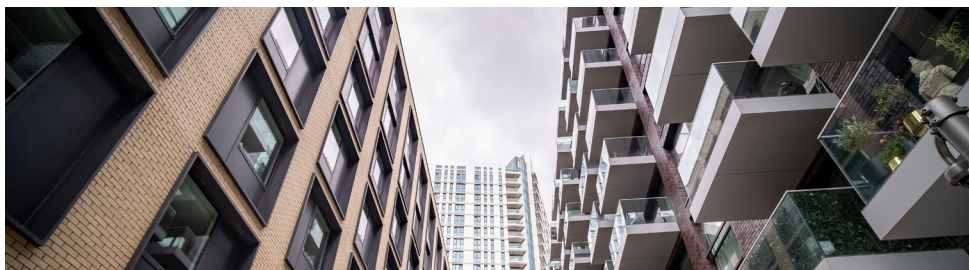

Real estate finance transactions often involve lender requirements, tight completion deadlines, multiple parties, and complex security arrangements. Our role is to keep transactions progressing efficiently while protecting our clients' commercial position throughout.

Alongside straightforward funding transactions, we also support clients on bridging finance, development finance, refinancing arrangements, secured lending, portfolio transactions, auction acquisitions, and property transactions involving corporate structures.

How we support our clients

From first-time investors through to established property businesses and high-value transactions, we focus on practical support, responsive communication, and commercially minded advice.

We advise on a wide range of funding and property transactions, acting for borrowers, investors, developers, lenders, and businesses across both residential and commercial property matters.

With offices in London, Brighton, Bath, Eastbourne, Hastings, and Ulverston, we support clients nationwide on a broad range of real estate finance matters.
